Board, Meyer work on 'problem'

Special meeting set next Tuesday

GERALD R. EHRHART

The Antioch Grade School board met behind closed doors for three hours last week and emerged with a statement that most people in the district have known for quite a while.

"The board and the superintendent have a problem ..."

The statement added that the problem is being worked on and will be discussed further at a special meeting next Tuesday night, Aug. 30.

THE BOARD HAS scheduled the meeting for 8 p.m. in the Library Learning Center of the Upper Grade School, 800 Highview Drive.

"The meeting is called for the expressed purpose of personnel considerations," the official announcement said.

Last week's meeting on Tuesday reportedly was a closed session from 9 p.m. until midnight.

Beatrice McLean, Waukegan News-Sun correspondent, who was still there at midnight wrote:

"No one knows what goes on behind closed doors" could have been the theme song Tuesday night when conflicts

between the Antioch Grade School Board and School Supt. Henry Meyer were discussed during a three-hour closed-door session.

"No one knew, that is, except for the six board members, board secretary Jim Quedenfeld and their attorney, Ted Larson, who has advised the group not to discuss the matter publicly."

WILLIAM THOMPSON, SUPERINTENDENT of the Lake County educational service region, has recommended the district be put on probation because of a breakdown in communication between the board and Meyer.

When asked if a decision might be reached at the Aug. 30 meeting, board members did not reply last week. Their attorney reportedly told them not to comment on the issue at the present time.

"Some observers speculate Thompson may be working with the group to help resolve their differences. Others feel the board is trying to get Meyer to break his new three-year contract as superintendent, which began July 1," the News-Sun said.

The "problem" in the grade school district was discussed in Springfield in July, when the Illinois Office of Education heard a report on a closed-door meeting held here.

That meeting was called after Meyer made allegations regarding the relationships between himself and the district's seven-member school board.

Thompson, an Antioch man whose office is in Waukegan, received the letter of allegations from Meyer.

It was learned that some of the school board members also had complaints to make about Meyer after they heard the charges he presented to Thompson.

Thompson said after the meeting that the rules of "school governance" say the board shall delegate all executive functions to the district superintendent.

"Apparently, Henry feels the board members have been into administrative functions," Thompson said.

Century 21 wins award

The Consumer Research Bureau has presented the "1977 Excellence Award for Customer Relations" to Century 21, Michael Warren & Co., for their efforts in providing the highest levels of consumer satisfaction, the real estate firm announced.

The bureau was organized in 1964 to perform a service to the house-buying public.

"Each year, hundreds of thousands of survey questionnaires are mailed to recent home purchasers asking for an evaluation of the services they received from real estate companies and their agents. New medical building to open in Richmond

Construction on the Bellucci Medical Building in Richmond is "moving forward rapidly, and Dr. John Bellucci Jr. expects to occupy his new structure in early September," according to Arnold May, president of May builders.

The 2,200-square foot medical office complex is adjacent to the May builders headquarters on Route 12.

"The site is on the south edge of Richmond and the two-acre medical center property is dominated by a large burr oak tree," May said. "A flowered area for relaxing is planned around the tree."

Dr. Bellucci, who lives in Antioch, has been practicing in Richmond for eight years.

"In his new building, he hopes to work closely with the Richmond Rescue Squad and its paramedical volunteer members," May said.

WHY IS DAVE BUSHING beating Art Moldenhauer over the head with a shotgun? We knew you thought they were close friends, but actually they are very angry with each other. (You can tell by the smile on Art's face.) They are getting ready for their "grudge match" trapshoot at 3 p.m. on Saturday, Sept. 10 It will be Moldenhauer's "world famous" Triple-A Reloading team against Bushing's Foremost Liquors team, which is not so famous.

Trapshoot rivals insult each other with glee

By JERRY PFARR

In a heated argument at Triple A Reloading last Saturday, Dave Bushing accused fellow trapshoot enthusiast Art Moldenhauer of being totally unfair in the rules set down for their challenge match on Saturday, Sept. 10.

More insults and accusations are expected when the 10 trapshooters assemble at 3 p.m. on that day at the Northern Illinois Conservation Club.

Happenings

THE NEXT regular meeting of the Chain of Lakes-Fox River Commission will be held at 2 p.m. on Friday at the Fox Lake village hall.

Story hours at library

Preschoolers can sign up for story hours at the Antioch Public Library on Main St.

Story hours will be every Wednesday from 12:30 to 1 p.m. The first is Wednesday, Sept. 7.

The clay pigeons flying through the air won't be the only targets.

"You have insulted our integrity and pride," Bushing told Moldenhauer, "Your Triple A Reloading team is full of Class A shooters while my Foremost Liquors team is just a poor bunch of small-town, country boys."

"But we'll shoot against you anyway," Bushing shrugged.

MOLDENHAUER JUST SMILED. If Bushing's accusations hurt his feelings, it didn't show. Bushing smiled, too, but he quickly tried to hide it by threatening to hit Moldenhauer over the head with an already broken shotgun.

Sure, we know that most people will say the two men are

just kidding ... that actually they are close friends and are merely insulting each other to attract a crowd for their big trapshooting match.

But this reporter finds that hard to believe. If they really are good friends, why would Bushing say:

"You should give us handicap yardage, Art. After all, you and Pat Watson both use 60-inch barrels on your guns just to get them out past your enlarged tummies."

And why would Moldenhauer insist that the losers buy dinner and cocktails at Steve's Lounge after the contest when he knows Bushing "and his poor country boys" probably will be humiliated by the accuracy of the Triple A team?

THE FOREMOST LIQUORS team includes Bushing, John Swanson, Ernie DiLabio, John Schuld and Cecil Lovell.

"They're so bad they're afraid to compete in registered shoots," Moldenhauer said, that big smile on his face again.

Moldenhauer's teammates are Lou Olandese, Len Huhn, Ron Lowery and Watson. Bushing calls them state champions.

"Bushing breaks more targets with his talking than his shooting," Moldenhauer laughed.

Bushing replied:

"The audacity of your comments leaves us no choice but to teach you some manners on the trapshooting range."

We can hardly wait until Sept. 10. We only hope that no blood is shed because of all the cutting remarks.

Ronald Reagan Speaks Out On Trade With Cuba

For one who is used to the niceties of language that the craft of diplomacy requires, Henry Kissinger had some blunt words for American businessmen the other day.

Addressing a seminar sponsored by Georgetown University, he said that business shortsightedness often works against the best interests of business.

Though I have often found myself

in disagreement with the former Secretary of State, I think he is right on target this time. The current lemming-like rush by business to remove all trade barriers with Cuba is a good example.

Already, many executives from major American companies have made pilgrimages to Havana in anticipation of trade and profit. Cuba Chic has replaced Peking Chic, it seems, and American businessmen are in the vanguard of the procession. Intrigued by what some estimate as ultimately \$2 billion worth of trade

HERMAN HOLBEK

the Pfarr Corner

By JERRY PFARR

Last week was a very difficult one for many Antioch residents.

Funeral services were held for two of the community's best-loved men ... Herman Holbek and Postmaster Gerry Ehrhart.

Mr. Holbek was one of the founders of the Antioch Rescue Squad and Mr. Ehrhart was a member of our volunteer fire department.

Those fine groups, along with the families and many friends of Herman and Gerry, were saddened by the loss of two men who, unselfishly, had earned the respect of everyone who knew them.

REV. PHILIP LAURIN pointed out that some men enrich themselves, and are admired and respected, but Herman Holbek "enriched others, and for that we not only admired and respected him, but we loved him."

In the early days of the rescue squad, when someone needed help, Herman and his partners were there. They purchased the gas out of their own pockets. Without today's modern training, they simply started out by helping the best they could. The result of their many years of answering calls is that Antioch now has one of the best rescue squads in the state.

THE FUNERAL PROCESSION went out of its way last Thursday. With a rescue squad truck serving as a hearse, the pallbearers got in, too ... instead of riding in their special car.

"We always rode with Herman before," one said, "and we're going to do it today."

The procession turned off Main Street to go past the rescue squad building and, as the truck passed by, the familiar siren pierced the air.

Herman Holbek was answering his last call, and a lot of eyes were filled with tears.

GERRY EHRHART WAS TAKEN from his family and the rest of us too soon.

He was 47 and had been named Antioch's postmaster only a year ago ... a fine tribute to his career.

As one of his fellow firemen said: "I don't know anybody who didn't like Gerry. I don't think he had an enemy in the world."

LAST WEEK'S FAREWELLS were heartrending, but they left us with something important ... a reminder of what Antioch is all about ...

Men like Herman Holbek and Gerry Ehrhart. They showed us how people should live.

But we have the largest paid circulation of any newspaper in Antioch village and township.

THE FLAG AT ANTIOCH'S post office flew at half-mast last weekend after Gerald R. Ehrhart, postmaster, died at the age of 47.

He also was a member of the village's volunteer fire department.

A newspaper dedicated to people marching to their own drummers.

WORDS OF FREEDOM

We dare not forget today that we are the heirs of that first revolution. Let the word go forth from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans—born in this century, tempered by war, disciplined by a hard and bitter peace, proud of our ancient heritage.

—John F. Kennedy

Hear tell that Ken Vos and Al Anderson had a "grand" opening at the Limerick Lounge last Friday night.

When they took over the business from their friend, Dan Haley, Ken and Al didn't expect anything special. But they found they had "wall-to-wall friends" and the place was packed.

They are two fine young men, just as Dan Haley is, and we wish them continued success in their new business.

BIRTHDAY CAKES are being ordered for Janice Pfarr (Thursday), Joe Badame, Friday, and Tony Besson on Sunday.

CONGRATULATIONS TO DAVE ZICKUS, governor of the Moose Lodge. We hear his softball team thumped McHenry's Moose Lodge 26-6 last weekend.

McHenry, once 20 runs behind, finally asked that the game be cut short and the post-game party begin.

DON NEAL, A CANDIDATE for the Democratic nomination for state representative from our district, showed a sense of humor when he announced in Lindenhurst that he is running for office.

"My father said politics would suit me well," he told fellow Democrats, "because our family is related to Jesse and Frank James. Well, I had no reason to doubt this relationship because my father's veracity was seldom questioned. He had only told me one little white lie. That was when he told me I was adopted, but that my identical twin brother was not!"

ANNIE MAE HAS a secret pen pal.

We received an envelope in the mail yesterday with no return address. There was no name or address on the inside, either ... just some delightful contributions to our column. For example:

"If you don't feel as close to God as you once were, make no mistake as to which one of you has moved."

"He wrecked his car.

He lost his job.

And yet throughout his life,

He took his troubles like a man ...

He blamed them on his wife."

Waukegan man charged with passing bad checks

A 24-year-old Waukegan man is in the Lake County jail, charged with passing bad checks at Antioch travel agencies and other businesses in the county.

Anthony Hyde was taken into custody and brought before the state's attorney by police from Antioch, Lake Bluff, Lake Forest and North Chicago.

Sgt. Tom Fisher of Antioch said it was the result of a good investigation and cooperation among the four police departments.

"ONE ARREST HAS BEEN made and another is in the process of being made," Sgt. Fisher said. "Further investigation is pending."

Hyde allegedly is one of two men who bought an airline ticket to Phoenix, Ariz., for \$307. He cashed a check for

\$478 and received \$171 in change.

The other man was waiting in a car, police said.

Later, police said, they went to another travel agency and bought a ticket to Indianapolis for \$50. One of the men cashed a check for \$225 and received \$175 in change.

THE CHECKS WERE STOLEN, some of them in an Aug. 8 burglary in the Zion area, police said.

Not only did they split the change from the travel agencies, but the men had buyers for the airlines tickets, Sgt. Fisher said.

Hyde was caught when he took a check to a Lake Bluff travel agency and were accosted by police.

A warrant is being obtained for the second subject, Sgt. Fisher said.

The Time Machine

50 YEARS AGO: AUGUST 25, 1927

Joseph Kachner of Waukegan, who had been housed in the local jail Saturday night on a charge of driving a machine while drunk and speeding on Main Street, was all set Sunday morning, having pried off lock to his cell to take his departure without the formality of a trial. Suddenly a new chapter in the story was written by Motor Cop Frank Valenta who stood at the front door and nabbed the departing guest and completed the plot as originally planned by taking him before Justice Tarbell. There he was fined \$150 and costs. Lacking the necessary funds he was forced to sojourn in the county jail where he will serve out his sentence.

Miss Kettlehut is winner of title of "Miss Antioch" at American Legion festival. Juanita Nickerson and Florence Nevelier are second and third. Miss Kettlehut has bobbed hair and is twenty years old. She is 5 feet 2 inches tall and weighs 99 1/4 pounds. She is not the flapper type but won the approval of the crowd and judges because of her naturalness, grace and ease.

G.R. Olcott, now located at Junction City, Oregon, has been numbered among the members on the New's Honor Roll. Says Dr. Olcott in renewing his subscription, "I worked the old army press for J.J. Burke for the first paper ever printed in Antioch, so I think I am as old a subscriber as there is." He was a friend of John J. Burke, the first owner and publisher of the paper, and was always willing to lend a hand. Hence he helped run the old hand press and won the distinction of being one of the force which published Volume 1, Number 1, Copy 1, of the Antioch News.

The three surviving Antioch veterans of the Civil War, Homer Stevens, A.J. Felter and Joseph Haycock, attended the 49th annual reunion of Soldiers and Sailors of the Civil War at Waukegan Thursday.

20 YEARS AGO: AUGUST 22, 1957

An Antioch woman, Mrs. W.C. Petty, 1038 Spafford, has been named by Governor Stratton to the new State Scholarship Commission.

Mighty jet planes will soon roar off the runways at the Richard I. Bong Air Force Base in Kenosha County north of Antioch. But before that can happen, a tiny cemetery will have to be moved. The hallowed ground, containing seven marked graves, has been discovered located in a grove of hardwood trees about 100 feet south of Center rd., almost exactly in the middle of the proposed airport. All of the graves are more than 100 years old. There are eight headstones remaining in the cemetery, but one is so weatherbeaten it cannot be deciphered.

There will be thirty-two teachers reporting to the Antioch High School September 3 for a teacher institute program.

A new look has been given the north end of the business district, with the addition of simulated stone fronts to buildings housing the Lakes Theater, Thebest Venetian Blind Co. and Nelson's Real Estate.

10 YEARS AGO: AUGUST 24, 1967

The new home of St. Stephens Lutheran Church, located atop a hill overlooking Antioch, will probably be completed in October. But a legal delay involving the possible installation of sewers and water lines may hold up dedication and use of building.

Antioch Community High School has not been able to find a teacher to replace Norman Craig in teaching of electricity and electronics and at present has no prospects in view, says Superintendent Albert Dittman.

Forty-two wounded veterans, representing the Marines, Army and Navy, enjoyed a day of boating, eating, fishing and horseshoes, or just sitting around in the sun last Wednesday, thanks to the Antioch Township Republican Club.

CONTACT LENSES: Some Questions and Answers

According to the American Association of Ophthalmology, some 94 million Americans wear some form of corrective lenses. About 2.1 percent of these people, mainly young adults between the ages of 17 and 24, wear contact lenses.

If you are considering contact lenses, here are some questions people often ask:

Q. Can everyone wear contact lenses?

A. No, says the American Association of Ophthalmology, there are certain conditions which make the wearing of contact lenses inadvisable. Examples are chronic inflammations, infection or allergy affecting the eyes.

Some persons suffer from chronic dryness of the eyes due to a deficiency of tears; this may make it impossible for them to tolerate contact lenses. A person who cannot manipulate small objects with ease because of arthritis is also not a proper candidate for contact lenses.

Q. For whom are contacts particularly suitable?

A. The Association says they are a boon to persons who need glasses to correct visual defects but who find conventional spectacles a handicap in their occupations—entertainers, athletes, persons working out-of-doors, especially in rainy climates.

Teenagers who, for reasons of vanity, resist wearing spectacles are often good candidates for contacts. Persons who have had cataract surgery may avoid having to wear thick glasses and may enjoy a better quality of vision with contact lenses.

Q. Are there advantages other than cosmetic of contact lenses over spectacle lenses?

A. Yes. Peripheral vision is improved, and certain corneal conditions which prevent good vision with conventional spectacles may be improved with contact lenses.

Q. How does a person know whether or not he can wear contacts?

A. He can expect reliable advice from his ophthalmologist, a physician who specializes in the diagnosis and treatment of disorders of the eye. The ophthalmologist can determine whether contact lenses are appropriate and will prescribe the exact type of lens that the individual requires.

Q. Is it uncomfortable to wear contacts?

A. Generally, no. There may be some slight transient discomfort during the initial adjustment period. Once you have made the adjustment, you are not usually aware of the presence of the lenses on the surface of your eyes. You may experience discomfort if a bit of foreign matter gets into your eye and lodges behind the lens. After the lens is removed and the debris eliminated, the discomfort subsides promptly.

Q. Is it safe to wear contact lenses?

A. Yes. It is very uncommon for contact lenses, properly prescribed and worn as directed, to cause any damage to the eye. Since they are made of plastic, they are unbreakable.

A few safeguards should be observed. For example, if your lens should become dislodged or lost while you are driving, a serious hazard could result; persons who do a lot of driving are advised to carry a spare set of lenses.

If you have an illness which might cause you to lose consciousness at times (diabetes, epilepsy, etc.), you should wear a medical information bracelet which, along with other vital information,

records the fact that you are wearing contact lenses. In an emergency, the person providing medical care would be alerted to remove the lenses.

Q. Should contact lenses be worn all the time?

A. No. They can usually be worn comfortably and safely for 10-14 hours a day. Initially, though, you will be instructed to build up your wearing time gradually.

They should not be worn while you are swimming, since they can be easily washed away. There is some risk, too, that they may be dislodged during participation in body-contact sports. They should never be worn during sleep. The natural blink reflex keeps fluid circulating under the lens; this is necessary to the metabolism of the cornea. Normal fluid circulation ceases when the patient sleeps with his contact lenses in place.

Q. What is the secret of the successful use of contacts?

A. Persons who try to wear contacts and fail experience their greatest difficulty during the early weeks, when they are trying to get used to the new device. The person who is highly motivated to "make it" and who can curb his impatience is likely to master the technique.

Proper care of the lenses is also an important factor. The plastic lens should not be handled casually or carelessly. It should be protected from scratches. It should never be inserted dry nor should it be contaminated by dirty fingers or by any other substances which might irritate the eye.

THE ANTIOCH CHAMBER of Commerce & Industry is busy again. Tomorrow (Thursday) is Moonlight Madness, and all participating stores will be featuring final summer clearance merchandise and back to school bargains.

This year's activities have a different ring to them. Two used cars, donated by Teresi Chev-Olds and Lyons-Ryan Ford, will be awarded to shoppers. The rock band, TRY-N, will blast you with their music, and Paul Kern, a disc jockey from WRKR will sign autographs.

Last, but not least, the traditional pajama contest will invite young and old to don sleepwear and parade around town. All events will be under the water tower on Broadway St. from 7 to 11 p.m.

REGISTRATION FOR THE PUNT, Pass & Kick contest, sponsored by Lyons-Ryan Ford, is going on now through Sept. 30. The competition is open to both boys and

girls ages 8 through 13. Eager youngsters may register at either Lyons-Ryan or the lower grade schools. The date of competition will be announced later.

Grade school meeting

Continued from page 1

"WE'LL BE GETTING a report from the state sometime in the future... but we don't even know when," Thompson added. "Antioch has a problem between the board and the superintendent that has to be resolved."

"The most important thing a school board does is to employ an executive officer," Thompson added. "Now that this has come up, there's a question about recognition of District 34 and that affects state funding."

IN OTHER ACTION last week, the grade school board approved new plans for construction at Oakland school.

An addition will be built there, scheduled to open in the fall of 1978. Construction could begin next spring. The addition will include a music room, art room and a library learning center.

In a "swing back to a more basic program" the board approved the use of new math text books for grades 3 through 5.

Meyer said the text, published by Houghton-Mifflin, marks a "pendulum swing" away from a total program of modern math to "midpoint" where basic math drilling is also emphasized. The students also will be introduced to the metric system.

District architect Doug Pekkarinen told the board the Antioch Lower Grade School will be ready for the opening day of school, Aug. 29.

Pekkarinen said contractors will finish laying the tile, installing the hot water and cleaning up.

"The contractors have indicated they will have the building 85 to 90 percent complete by then," he said.

Women of the Moose

By JERRI POLSON

There were 31 in attendance at the Star Recorder business meeting Aug. 18. The committee thanked all who made its bazaar a success.

A favorable ballot was cast for Shirley Bolwin, who will be enrolled at a later date.

Get well wishes were sent to ill members and a sympathy card to Mr. and Mrs. Joe Goschy, in the loss of her father.

Elsie Toman, hospitality chairman, will be out of town for the month of September. Those wishing cards sent to ill members can contact the senior regent, Judy Cook, or this reporter.

A combined officers meeting was held by the Loyal Order and Women of the Moose Aug. 17. The Loyal Order requested that a letter be submitted for project dates to avoid any conflict.

THE THEME for the current year is a heart with a clock in the center, so a replica of this adorns the wall in the chapter room. Two sponsors, Marilyn Vynalek and Karen Bartuska, were escorted to the heart to pin on the names of their candidates who were enrolled at the last meeting.

Birthday marchers Elsie Toman, Pearl Roach, Cheryl Wise from Ohio and Ann Stickler, visiting from Florida. Nice to welcome the out-of-town members!

CALENDAR OF EVENTS: Loyal Order enrollment, Aug. 27, 8 p.m.; publicity committee meeting, Anita Wisniewski's, Sept. 7 at 7:30 p.m.; executive board meeting at Betty Dahlke's, Sept. 8; Luau, Sept. 17. (Get tickets in advance and save \$1.)

The next meeting is publicity chapter night, Sept. 7.

The Waukegan chapter of the Women of the Moose is having a "Women's Smoker," lots of surprises and sounds like fun. Several Antioch members will attend Oct. 12 to find out what it's all about. Women only!

Advance notice: The October chapter night will be on the 13th, instead of the 6th, due to the convention in Peoria. Mark your calendars!

PERFECT WAS THE WORD to describe the annual Chicago Cubs trip for the Antioch Jaycees and 49 area children. Besides an ideal day weatherwise, the Antioch crew was treated to a well-pitched game by Paul Rueschel, two home runs by Bobby Murcer and a 4-2 Cub win over Pittsburg. Antioch businesses contributed money to help pay for the bus, hot dogs and soda pop, tickets and spending money for the children. They were First Bank of Antioch, Lyons-Ryan Ford, Teresi Chevrolet-Oldsmobile, Pittman Pontiac and Gaa's Antioch Super-Valu store. Pictured with the children (left to right) are Barb Spillner, Bill Anderson, John Christiansen, Terry Corey and Lou Korom.

Reagan Speaks Out

annually between the U.S. and Cuba, these executives are anxious to have our government make the necessary accommodations so that trade can begin.

So far, the Carter administration is showing every sign of complying, even to the point of ignoring Cuba in its campaign for human rights.

There are several facts worth considering, though, before this process goes any further. For one thing, the Soviet Union currently provides Cuba with \$3 million in aid every day! Some U.S. businessmen argue that trade with us will induce Cuba to put some distance between itself and the Soviet Union. That's problematic at best. What it certainly would do is lessen the burden on Moscow's shoulders, enabling it to divert some of those funds elsewhere for mischief-making. Nor is there much reason to believe that Cuba will moderate its anti-American propaganda, given Fidel Castro's nearly lifelong hatred of the Yanquis.

Another fact: At the height of the Angolan conflict, Cuba had 13,000 troops involved. If U.S.-Cuba trade resumes, what is to prevent U.S. equipment and technology from assisting future Third World expeditions by the Cuban foreign legion? By buoying up the Cuban economy, American businessmen might very

well enable Castro to wreak havoc not only in Africa, but in troubled parts of the Caribbean, as well.

And another fact: 979 American companies have certified claims for assets seized by Castro during his 1959 revolution and just afterward. The dollar total is on the order of 1.8 billion. What settlement is to be made as part of a trade resumption *quid pro quo*? What guarantee do U.S. businessmen have that, after trade is resumed, their new investments in Cuba won't be seized by Castro one day in a fit of pique over some quarrel with Washington?

Basic Rights Denied

Not surprisingly, the U.S. businessmen who have visited Cuba recently talk about trade volume, spare parts, sugar mill construction, markets for tractors, and so forth. They conveniently ignore the fact that Castro denies basic rights to his political opponents. According to Amnesty International, several thousand are locked up in his prisons. Religious freedom is nonexistent.

Does all this push for trade spell profit or peril for American business? It seems to me that Castro needs us a lot more than we need him and the kind of accommodation that we seem prepared to make to resume trade can best be described as "penny wise and pound foolish."

What sunshine is to flowers, smiles are to humanity.

Students, 14 and under, publish magazine

What's it like to go from 5th grade in a "lower school" to 6th grade at the Antioch Upper Grade School?

"It's not scary," said Donna Ruggles.

What's it like to play Viking football?

Chuck Payne answered that question.

How about the youth bowling leagues at Antioch Lanes? Paul DeBenedetto wrote that story.

DONNA, CHUCK AND PAUL were in the summer school sponsored by the Antioch Center for Developmental Learning.

They were three of the 23 students who published their own 24-page magazine as part of the summer school program. They also studied reading, writing and math, in addition to magazine work.

They are now 7th and 8th grade students at the Upper Grade School.

The teachers at the center were Paul Epner, Max Cummings and Randy Lowe, full-time teachers from the Upper Grade School.

"The purpose of the summer school was to get a full-time private school going in Antioch which will provide instruction in the basics with smaller class sizes," Mr. Epner said. "This summer's program was the first. We hope to have evening courses during the school year and then another summer school."

The magazine, titled "The Center's View," motivated the youngsters to improve their writing skills, Mr. Epner said.

THE TEACHERS HOPE the magazine will be a continuing thing.

"We're going to start shortly on issue No. 2," Mr. Epner said. "The first issue resulted in 500 copies being printed and most of them were sold to parents and others; also, through local stores and door-to-door sales."

LOWE WILL BE TEACHING at Glendale Heights, a Chicago suburb, this fall. Epner and Cummings are returning to the Upper Grade School. They hope to hire other teachers, Epner said, but the three will remain as the directors of the school.

The students' articles are printed in adjoining columns.

Dear 5th graders,

Don't worry about going into the Antioch Upper Grade School. It's not scary. The first couple of weeks the 7th and 8th graders will tease you, but don't listen to them.

However, the school is a nice place. Most of the teachers and students are nice, too. You'll probably like it.

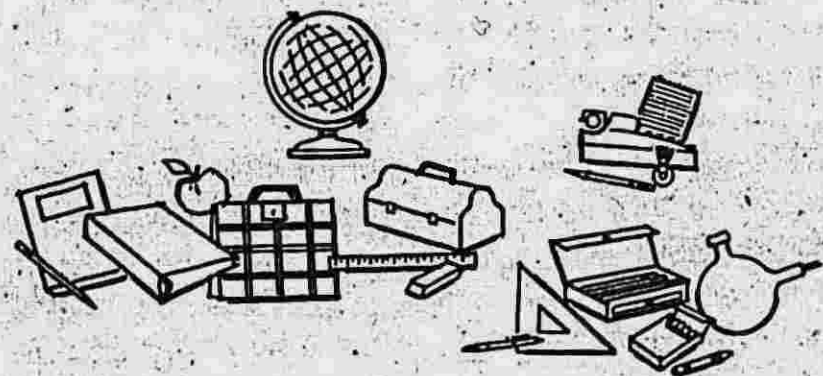

Some of the sports in school are: basketball, softball, track, cheerleading, and wrestling. All of them are pretty neat.

There is one good day of school, that is Friday. At 7 p.m. every Friday night there is teen canteen.

At teen canteen there is: disco dancing, slow dancing, and refreshments.

It is fun and interesting. Most of the students come. It ends at 10 p.m., but everyone wants it to end a little later. Good luck!

Viking Football

By CHUCK PAYNE

Viking football started on Aug. 15.

It is a tackle football team that is part of the Northern Illinois Junior Football League.

The Viking Football team plays teams from different areas as far away as Wauconda and Deerfield. It is divided into 5 groups by weight. There are 3 Featherweight teams, 1 Lightweight, and 1 Heavyweight.

Each team has 3 or 4 coaches who are men from around here. The season lasts for about 11 weeks. You practice for about 3 weeks until the first game. For the next 8 weeks you have games and practices for the games.

The practices are held at the high school and the Little League diamond. The games are held on Sundays, except for one night game, and the practices are held every night during the week.

KIDS CAN BE INVOLVED in it from eight years old up to 15 years old. It costs \$18 to play in Viking Football. For \$18, you get your shoulder pads, helmet, thigh pads and hip pads, and much more. You have to buy a mouth guard, cup and supporter.

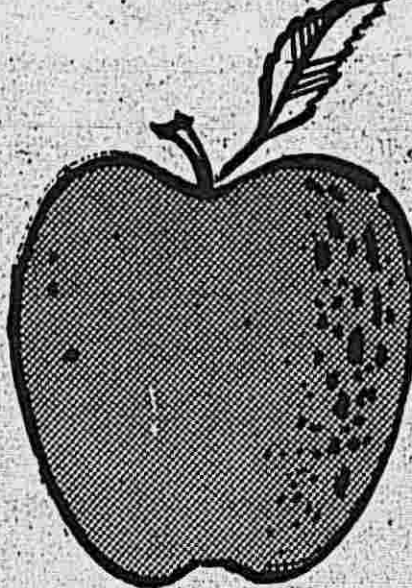

The man in charge of Viking Football is Mr. Leo McGrain. For more information, call him at 395-1520.

Antioch Bowling Lanes

By PAUL DeBENEDETTO

If you like to bowl you might be happy to hear that the Antioch Bowling Lanes are adding eight more lanes, a new locker room, a delicatessen, and a discotheque. A discotheque is a bar with dancing to records.

If you like to bowl you might want to join leagues. For kids you can sign up for winter leagues now through all of next month. The leagues start in September.

You can start joining at 5 years old. From 5 to 12 you are in the Bantam League. Bantams play two games for \$1.50 Saturday afternoon.

Juniors who are 12 to 16 bowl three games for about \$1.75 on Saturday mornings.

What about adults? Adults can join leagues and bowl nights. You can sign up for the weekday you want because there are leagues every night of the week.

Saturday you can bowl in Scotch Doubles. Scotch Doubles are a man and a lady on a team. First the man or lady goes. Say the man went first and he gets 9 pins and leaves one, then the lady will pick it up.

So why don't you come and bowl? Hope to see you there.

Salad Bar Luncheon 'overwhelming success'

By BETTY HOPE

St. Peter's Women's Club president, Jerry Dost, has expressed her gratitude to all who helped make the 49th annual Salad Bar Luncheon an overwhelming success.

Special thanks go to Jean Benes and Ann Kelly for the tremendous job they did as co-chairwomen, to Phyllis McMillen and her "Ladies of Liberty" for the beautiful and educational fashion show and to Babe Wagner for her delightful organ music.

The men of the Knights of Columbus served the liquid libations, and to merchants of Antioch generously contributed toward our prizes.

Special thanks also to Bill and Mary Barr and Floral Acres who provided the geranium plants for each guest to enjoy as a table decoration and to take home as a memento.

THE WOMEN'S CLUB and the Knights of Columbus

will combine efforts Saturday evening and Sunday morning to help with registration for 1977-78 CCD classes.

Registration will be held after all masses. Parents of pre-school children, ages 4 and 5, and school children in grades 1 through 8, who wish their children to receive instruction in the Catholic faith, are asked to register them at this time.

THE FIRST REGULAR MEETING of St. Peter's Women's Club for the 1977-78 season will be held Tuesday, Sept. 6. It will begin with a short para-liturgy in the Church at 7:15 p.m., and the meeting will begin at 7:45 in Fr. Frawley Hall.

Jerry Dost will introduce her new board members and St. Peter's new associate pastor, Fr. Francis Kub. Also, school board president Thomas Merkel, members of the school board, and the new principal Sister Mary Roach.

Members of St. Peter's school faculty will be there along with the newly-elected Grand Knight of the Knights of Columbus, Woody Kelly.

THE WOMEN'S CLUB WILL have its first Communion of the season on Sunday, Sept. 11, at the 8 a.m. mass. Coffee and rolls will be served afterwards to all parishioners attending.

The club is one of the most active groups in the parish. Mothers of children in St. Peter's school are urged to join; their fund-raising activities benefit the school, helping to keep tuition costs down.

"I'll be honest with you, buddy. I think you're too late."

Senior citizens now meeting at Scouthouse

The Antioch senior citizens group, headed by Ida Wysoglad, is meeting at the Scouthouse again.

The group celebrated its first anniversary recently and 116 persons attended. Mrs. Wysoglad said:

"We have movies the first Wednesday and third Monday of each month. We have Bingo on the second and fourth Mondays and our 'Forum' meets the second Friday at 10:30 a.m."

"We would like to see more senior citizens at our center. I know you will enjoy the meals, but the friends and companionship you acquire here will be long-lasting. There is something for everyone - if not, we will do our best to find something that you will be interested in," she added.

Judge This Fudge -- Fantastic!

Everyone's grown up with fudge, so every candy lover (and isn't that everyone?) is an expert. Judge this fudge and you'll say it's fantastic.

Homespun Skillet Fudge is different enough from the ordinary to make it appealing. It calls for ingredients that are not found in the usual fudge varieties. A bit of cinnamon added to the chocolate chips provides a little kick, offering emphasis without proclaiming its presence. And 3-Minute Brand Quick Oats, the surprise ingredient, serves as a replacement for nuts. Only a half cup of chopped nuts is needed in the recipe, thanks to the oats. Yes, these oats have been oven baked to make them as chewy and nut-like as the nuts themselves!

Miniature marshmallows and flaked coconut are two other ingredients that make this fudge so mouth-watering. And, best of all, this recipe yields three and a quarter pounds of home-made fudge, so it can truthfully be called inexpensive to make. Thus, everyone gets lots of fudge to judge — and enjoy.

Homespun Skillet Fudge

3 cups sugar	2 cups (12 ounces)
1 can (13 ounces)	chocolate chips
evaporated milk	1 cup 3-Minute Brand
1/4 cup butter	Quick Oats
1 1/4 teaspoons cinnamon	1/2 cup chopped nuts
1 teaspoon salt	1 teaspoon vanilla
1 cup miniature	1/2 cup flaked coconut
marshmallows	

Combine sugar, evaporated milk, butter, cinnamon and salt in an electric skillet. Bring to a boil over medium heat (250 degrees F.) Boil for seven minutes, stirring constantly. Turn heat off. Blend in remaining ingredients, stirring very well. Pour into buttered 13 x 9-inch pan. Chill and cut into squares. Makes 3-1/4 pounds.

Marsha Fallon of Antioch, daughter of Mr. and Mrs. Frank Fallon, participated in a "Decorating-For-Teens" activity at the Illinois State Fair.

Focusing on space use and color, the decorating-for-teens program emphasized visual awareness and perception. This educational activity provided members an opportunity for creative expression, practice in design judgement and experience with space concepts.

While at the State Fair, Marsha attended sessions on decorating, taught by a University of Illinois home furnishings specialist.

We may have to wait till next year until our Cubs win the pennant, but they once again have made baseball fun and interesting for us.

For example, Jose Cardenal, wearing a T-shirt that reads "Only The Lord Saves More Than Sutter."

ONE OF OUR ALL-TIME favorite comedians, Groucho Marx, passed away but, as the Chicago Tribune pointed out, his legacy was "humor with a sting."

Margaret Dumont, a hefty actress, served as the target of Groucho's best barbs:

"I'll meet you tonight under the moon," he tells her in their first film together, "The Cocoanuts." "Oh, I can see you now - you and the moon. You wear a necktie so I'll know you."

In his finest film, "Duck Soup" (1933), listen to Groucho as president of mythical Freedonia handle his Cabinet:

Groucho: And, now, members of the Cabinet - we'll take

THE TOWN CRIER

up old business.

Minister of Commerce: I wish to discuss the tariff.

Groucho: Sit down. That's new business. No old business? Very well - then we'll take up new business.

Minister of Commerce: Now, about that tariff.

Groucho: Too late. That's old business already. Sit down.

GROUCHO WAS AS FAMOUS for his one-line wisecracks as for his bushy eyebrows and duck walk.

On his TV show, a contestant told Groucho he designed everything from a safety pin to a locomotive.

"Wait a minute - why would a locomotive need safety pins?" Groucho interrupted. "Oh, I guess when they change engines."

FOR GOLFERS ONLY ... I'm not sure of the date, but sometime in the next week Arnold Palmer will celebrate his 48th birthday.

With Tom Watson, Jack Nicklaus and a bunch of flippy-wristed college kids winning all the tournaments and money, Arnold's greatness is being overlooked this year.

He is still a truly great player. In the recent PGA championship Lanny Wadkins and Gene Littler tied for first by averaging 35½ strokes per 18 holes. Arnold averaged 36½ strokes and finished about 23rd.

This is typical of what has been happening in all of the important tournaments. Arnold now is about one stroke per nine holes away from being the champion he used to be. That's all ... one missed putt perhaps.

He is still the best player in the world, 48 years and older. To our knowledge, only two older golfers are still around and playing well regularly ... Julius Boros and Sam Snead. But Palmer still beats them, and most of the young stars, everytime he plays.

Nap, Drive

Chicago (NFS) - Before taking a long auto trip, get a good night's sleep before you start to drive.

That's the advice of Sally Ames, sleep consultant to the Spring Air Mattress Company, Chicago.

"About 20 per cent of all automobile accidents are believed to be the result of driver sleepiness and general sluggishness," she reports.

"Is It Over? Are You Kidding? This Is Too Much Fun To Stop!"

The same people who could never sleep after drinking coffee now lie awake wondering where their next cup is coming from.

One Good Celebration Deserves Another

The United States last year celebrated the anniversary of the American Revolution; this year it's the Soviet Union's turn for festivities. Sixty years ago, the Great October Socialist Revolution took place—and Americans are especially welcome in this celebration year, not only to take exciting excursions to the far corners of the Soviet Union's 15 republics, but to get a glimpse into the life of the father of the Revolution, Vladimir Lenin.

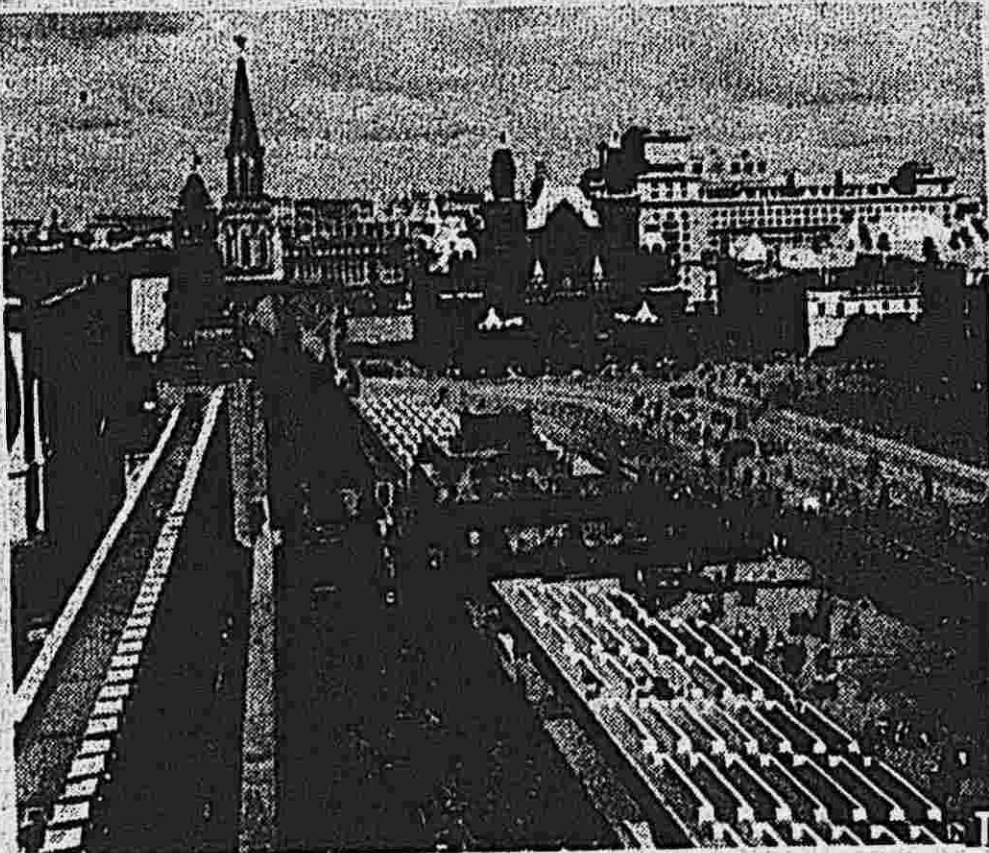

The airline which can fly you from New York or Washington, D.C., direct to Moscow is Aeroflot. With more than a half-century of international flight experience, Aeroflot is the largest airline in the world, and provides regular air service to over 3,500 cities, towns and inhabited localities of the USSR. Aeroflot also flies to 78 countries of Europe, Asia, Africa and the United States.

Speed, comfort and excellent service aboard their airlines have won Aeroflot great popularity among passengers, who are offered traditional Russian hospitality aboard first-class airliners.

When you arrive in Moscow, you'll see the first glimpses of Lenin's life—as you visit the Kremlin (where you can still see his unpretentious apartment filled with books and newspapers), Red Square and the Lenin Mausoleum, and the Central Lenin Museum.

Where to next? You can make up your itinerary with the help of Intourist, the USSR company for foreign travel.

Many visitors will want to go to the city that most people associate with Lenin because it carries his name—Leningrad. There are many monuments to the revolution in this town, but no one ever passes up the magnificent treasures of the Hermitage Museum or a performance at the city's Kirov Opera and Ballet Theatre.

ONE OF MOSCOW'S TOP ATTRACTIONS IS RED SQUARE, with St. Basil's Cathedral, the Kremlin and the Lenin Mausoleum.

Only one hour by air from Moscow to one of the sites closest to the hearts of the Soviet people is Ulyanovsk—Lenin's birthplace. (His real name was Vladimir Ilyich Ulyanov.) In this city

of parks and gardens along the Volga River, where you can peek into several of the houses that Lenin lived in as a youth, there is also a very popular monument called the Lenin Memorial Centre.

Women's life span clouded

The American woman's nearly 8-year longevity edge over men may be wiped out within 25 years.

The reason, says some medical scientists, is that studies have shown women are more prone to smoking-related diseases, such as heart problems and lung cancer, than men.

Stars of last year's tournament await Sept. 11

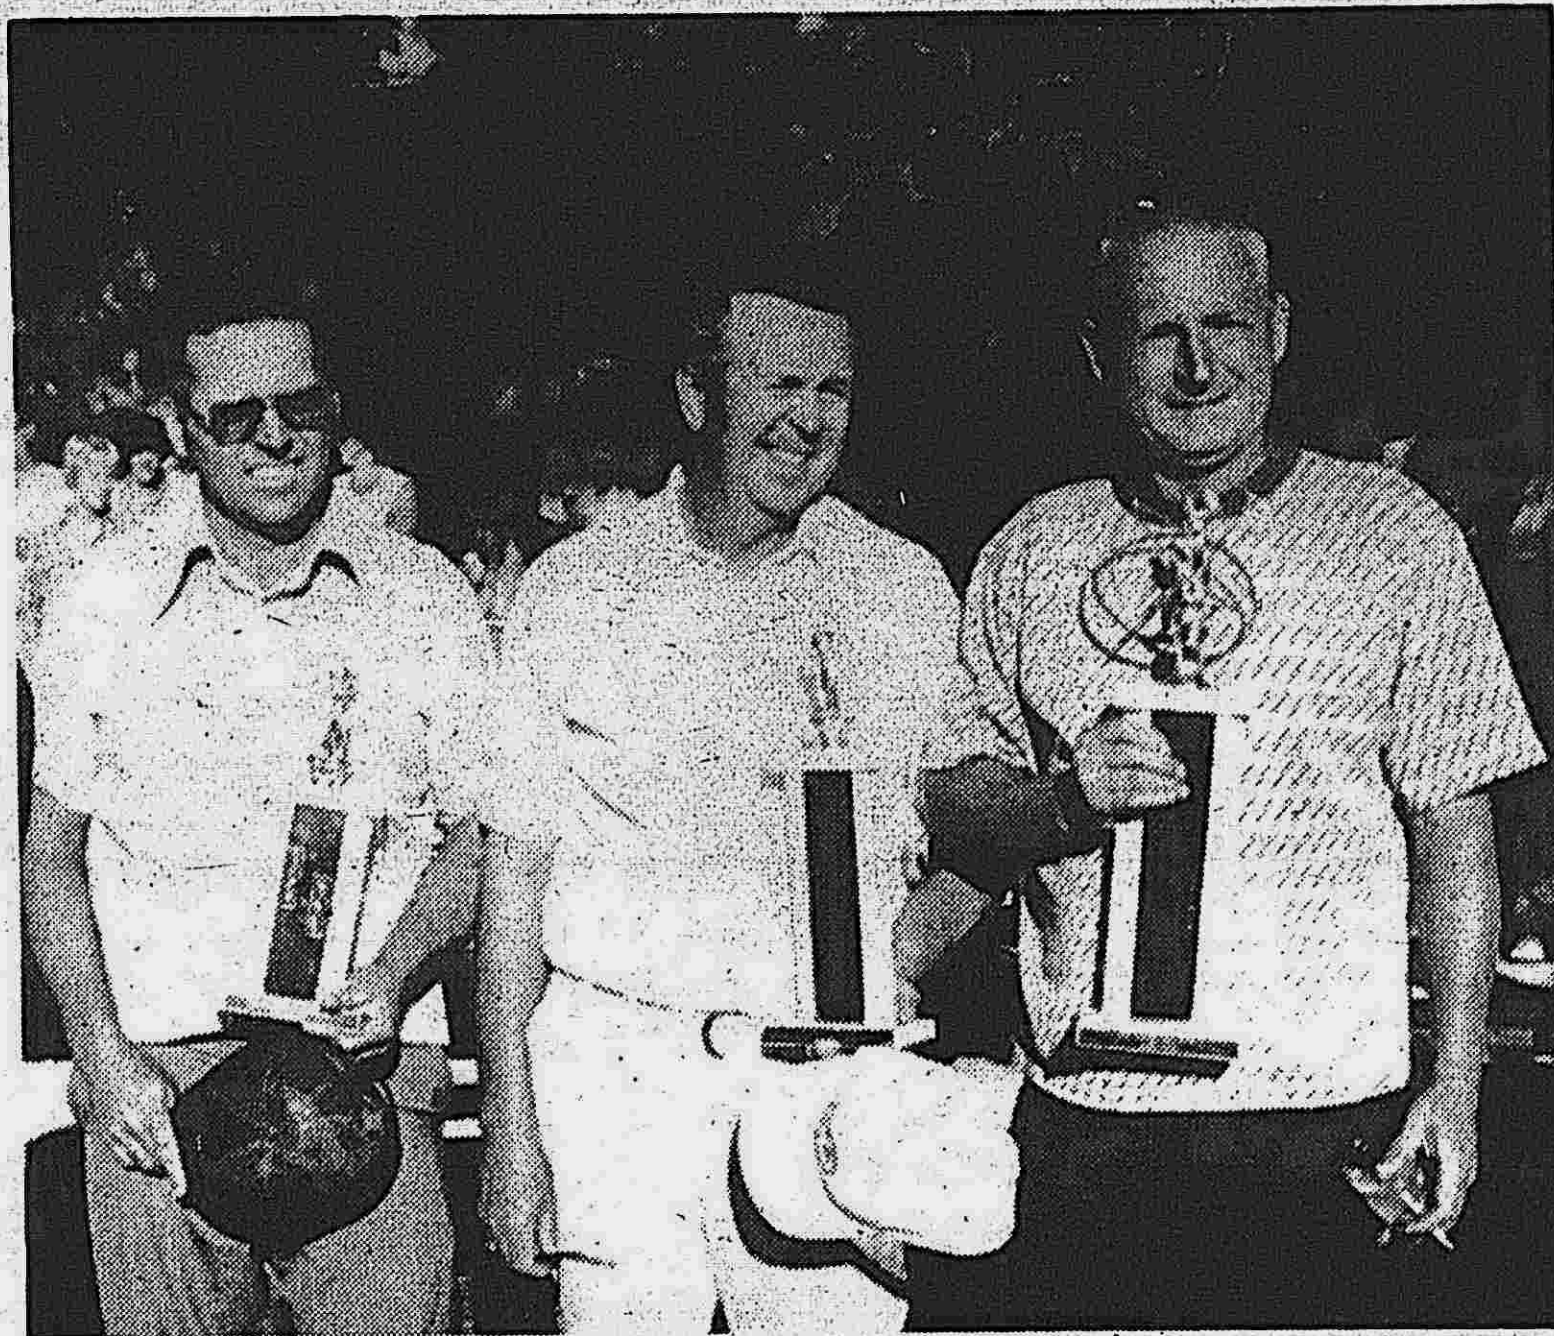

MOST OF THE GOLFERS who played in the first annual Antioch Open are getting ready to tee off Sunday, Sept. 11, when the second tournament begins at Spring Valley Country Club in Salem. Posing with the trophies were John Roach (left), winner of the championship flight, and Dean Schultz, who placed third in Class A.

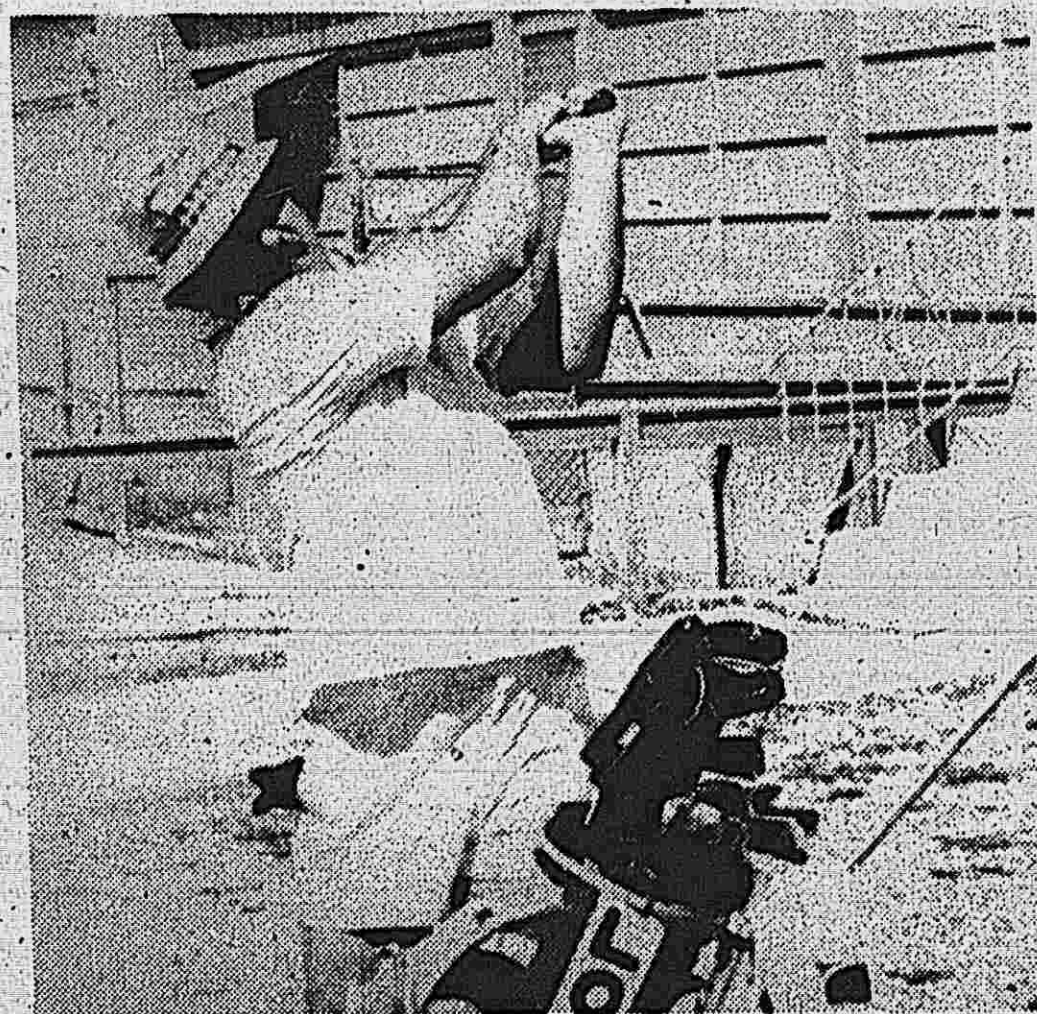

SECOND AND THIRD place trophies in the championship flight last year went to Rich Higgins (right) and Andy Anderson. Both are expected to play again this year. The deadline for entries in the second annual Antioch Open is Friday, Sept. 2.

ONE OF THE LONG HITTERS in the Antioch Open is Bill Nauman, who placed second in Class B last year. He is entered in the Class A flight this time.

THE TOP THREE finishers in the Class A flight in 1976 were, from left, Dean Schultz (third), Vern Thelen (second) and Charlie Anderson (first). All three will be back for the 1977 Antioch Open, Sept. 11 and 18. Eighteen holes will be played each day at Spring Valley.

SHOOTING FOR THE Class A title this year will be John Hedberg, who tied for fourth in the 1976 tournament. Class A is for golfers who shoot in the 80s. An entry blank is on page 16.

Deadline nears for Antioch Open

Six more players signed up yesterday for the second annual Antioch Open golf championship.

The deadline is Friday, Sept. 2, only nine days away. The 36-hole tournament will be played at Spring Valley Country Club in Salem on two Sundays, Sept. 11 and 18.

An entry blank appears on the next page. Blanks also are available at Spring Valley and at the Antioch News, 950 Main St.

THE TOURNAMENT COMMITTEE, which includes Bill Nauman, Mike Haley, Jack Fields, Rich Higgins, Pres Reckers and Jerry Pfarr, is hoping another 40 or 50 golfers will enter by the deadline. Twenty-five already have signed up and a field of 60 to 80 golfers is anticipated.

More than 50 played in last year's first annual Antioch Open and expressed their pleasure at being able to play 36 holes of tournament golf against men of their own ability.

Most of last year's contestants are returning this year. There are three flights: championship, for players who shoot in the 70s; Class B, for those who shoot in the 80s, and Class A, for golfers who usually score 90 or over.

FOLLOWING IS A LIST of the golfers who had entered

before 12 noon on Monday:

Championship class - Clifton A. Houghton, C.L. (Charlie) Anderson, Ed Behne.

Class A - Andy Anderson, Vern Thelen, Dennis Korjenek

Sr., Art Blecke, Dean Schultz, Al Atkins, Michael J. Sexton, John Hedberg, Robert W. Sarver.

Class B - Jon M. Lasco, Bill Setek, Arthur Kelly, Bob Pedersen, Bernie Olszewski, Frank Rhode Jr.

THE ENTRY FEE is only \$15 for 36 holes and includes green fees, plus trophies and prizes for the best players.

Among the most recent entrants are Ed Behne of Lindenhurst, a newcomer this year to the championship flight. John Roach was the winner last year but hasn't yet entered to defend his title.

Entering Class A Monday morning was Mike Sexton, who placed third in the Class B flight last year. Bill Effinger of Lake Villa, who won Class B, said he is hoping to enter the Class A flight this year if his schedule permits.

Sunday, Sept. 25, will be a rain date in case the tournament has to be postponed on either Sept. 11 or 18.

PLAYERS CAN EITHER walk or ride golf carts.

The tournament is the first of its kind for this area. All contestants will play from scratch against golfers of their own ability.

The Class B winner last year, Effinger, defeated Bill Naumann of Antioch in a playoff. Sexton was third and John O'Hara fourth.

LAST YEAR'S tournament was limited to golfers from the townships of Lake Villa and Antioch. This year it also will be open to golfers who live or work in Salem township. Players must be at least 16 years of age.

They will begin teeing off at 11 a.m. on Sept. 11 and at 1 p.m. on Sept. 18.

The top three finishers in each class will receive trophies. All other proceeds will be returned to players in the form of prizes.

Thrills, spills at Waukegan Speedway

Stock car action at the Waukegan Speedway was full of excitement last Saturday night. One new record was set, two others almost set, and every class was full of thrills and spills.

In late model sportsman racing, Chuck Clark in his Camaro was the big winner. Clark started the night by setting fast time, coming in second in the trophy dash, winning a heat in record time and narrowly missing a record in the 25-lap feature.

Jim Taylor led the first two laps of the main event until Mike Simon put his Camaro into first. The defending

hobby champ, Simon, led through lap 16. On lap 17, Clark, who had been making his way through the field by using the outside groove, flew past Simon. Clark moved along at near-record speed while continually putting lapped cars between him and his closest competition.

Bill McDonald in his little red Pinto, won the trophy dash is just .12 seconds off the track record. Paul Brown won the other heat, sparked by a collision between Jim Taylor and Mike Simon while battling for the lead.

Special 9-day teal season

A special nine-day teal season will be held Sept. 10 through Sept. 18.

Blue-wing, green-wing and cinnamon teal can be hunted from 7 a.m. to 4 p.m. daily. The bag limit is four teal per day and eight in possession after opening day.

"Teal are early migrants, traditionally moving through Illinois in September enroute to their wintering grounds in Central and South America," said Dr. David Kenney, director of the Illinois Department of Conservation. "By the time

our regular waterfowl season begins, most teal have passed through the state. The special season gives waterfowlers an opportunity to hunt this game bird."

Kenney said new federal steel shot regulations will be in effect and conservation police will be intensively patrolling teal hunting areas. Also, he urged waterfowl hunters to be sure they could identify teal prior to the hunt. Wood ducks are often mistaken for the bright colored teal by the inexperienced hunter.

Youth bowling leagues begin Sept. 10

By LOIS HARTMAN

The 1977-78 Youth Bowling Program at Antioch Bowling Lanes will start on Saturday, Sept. 10.

Kids of all ages are invited to join in the fun of league bowling each week. It is not necessary to have bowled previously to be enrolled in a league.

Coaches are available for the beginning bowler as well as the more experienced. There are three age groups: Majors, ages 16-18; and the Juniors, ages 13-15, bowl at 9 a.m. The Preps, ages 8-12, bowl at 12 noon.

A new, after-school league, will be formed for the teenagers if enough interest is shown. Last year more than 240 youngsters participated in the program and we hope to have even more this year.

TROPHIES ARE AWARDED in many categories at a post-season banquet.

During the season, a bowler has a chance to earn patch awards for high game and high series. Also, there are a number of different tournaments to enter; the favorite being the annual Family Twosome.

Each team is sponsored by local businesses and bowling shirts are provided.

THIS YEAR WE WILL have five-man teams instead of six. This will speed the action and prove beneficial to every bowler. Also, the preps will be bowling three games each week instead of two. They bowl three games in tournament play and we have found many of the younger bowlers, not used to three games, tiring before the third game is completed. Also, it now will be easier, for them to earn high series awards.

Pre-registration forms are available at Antioch Bowl and it is suggested these be filled out prior to the first day of bowling, Sept. 10. The teams are made up ahead of time so, to ensure a bowler of getting on a favorite team; sign up early.

Those wanting to bowl on a certain team or with certain friends should indicate this at the time they sign up to avoid disappointments later.

When the teams are filled, additional bowlers will be placed on a squad at 2:30 p.m. These bowlers will then move to an earlier time, either at 9 a.m., or 12 noon, when the eight new lanes are ready.

Plan now to join the fun; sign up at Antioch Bowling Lanes.

Anyone with questions can contact Lois Hartman, youth bowling coordinator, at (414) 889-4165.

Antioch 2nd in Bronco tourney

Antioch's team took second place last week in the Bob O'Farrell Bronco baseball tournament in Waukegan.

Bronco ball is for boys 11 and 12 years of age with conditions and rules that are a little tougher than they encountered in the Little Leagues they just left.

"With only a half dozen practices, it was a successful tournament for our team, made up of Antioch Little Leaguers," said Coach Ted Poulos.

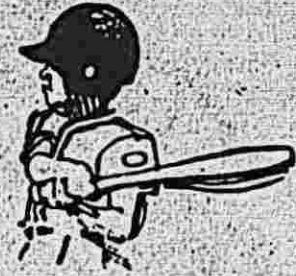

Dick Peterson, Zion High School's sophomore baseball coach and an Antioch graduate, managed the team.

ANTIOCH WON ITS first four games, beating Hillside of Chicago 13-5, Mount Prospect 3-0 behind Carl Amundsen's no-hitter, North Chicago 16-7 and Buffalo Grove 6-0 (with Amundsen pitching a three-hitter).

North Chicago was the only team to beat Arlington Heights, the eventual champion.

Lester Zitkus got the win for Antioch against North Chicago and contributed a home run against Hillside.

ANTIOCH'S DEFENSIVE PLAYS of the first four

games weren't there when the local team lost 8-1 and 16-6 to Arlington Heights.

"But this was the best showing Antioch had made in the past six years against this tournament's good competition," Poulos said. "Most of the teams play Bronco baseball all year."

Antioch's team members were:

Amundsen, Zitkus, Jerry Haling, Chuck Duha, Frank and John Mahar, Luke Kuligowski, Mike Schueneman, John Silianoff, Dave Beattie, Tom McLellan, Craig Sheedlo, Jeff Berchtold, Jeff Pratt and Vince Gaurecki.

In Memoriam

In loving memory of George F. Pahlke, who passed away two years ago on August 24th.

Sad and sudden was the call
Of one so dearly loved by all.
A bitter grief, a shock severe,
It was to part with one so dear.
We often sit and think of you,
And speak of how you died.
To think we could not say goodbye.
Before you closed your eyes.
For all of us you did your best
Oh God, grant you eternal rest.

In Memoriam

In loving memory of George F. Pahlke, who passed away two years ago on August 24th.

Sad and sudden was the call
Of one so dearly loved by all.
A bitter grief, a shock severe,
It was to part with one so dear.
We often sit and think of you,
And speak of how you died.
To think we could not say goodbye.
Before you closed your eyes.
For all of us you did your best
Oh God, grant you eternal rest.

CLC Students do well at Southern Illinois

College of Lake County is one of 17 Illinois community colleges whose students recorded exceptional grades after transferring to Southern Illinois University at Carbondale, according to a report issued by SIU.

The report indicates that 5,780 community college transfer students at SIU during the 1976-77 school year recorded slightly higher overall grade-point averages than "native" students.

It was the fourth consecutive year community college students recorded a higher grade-point average than other students.

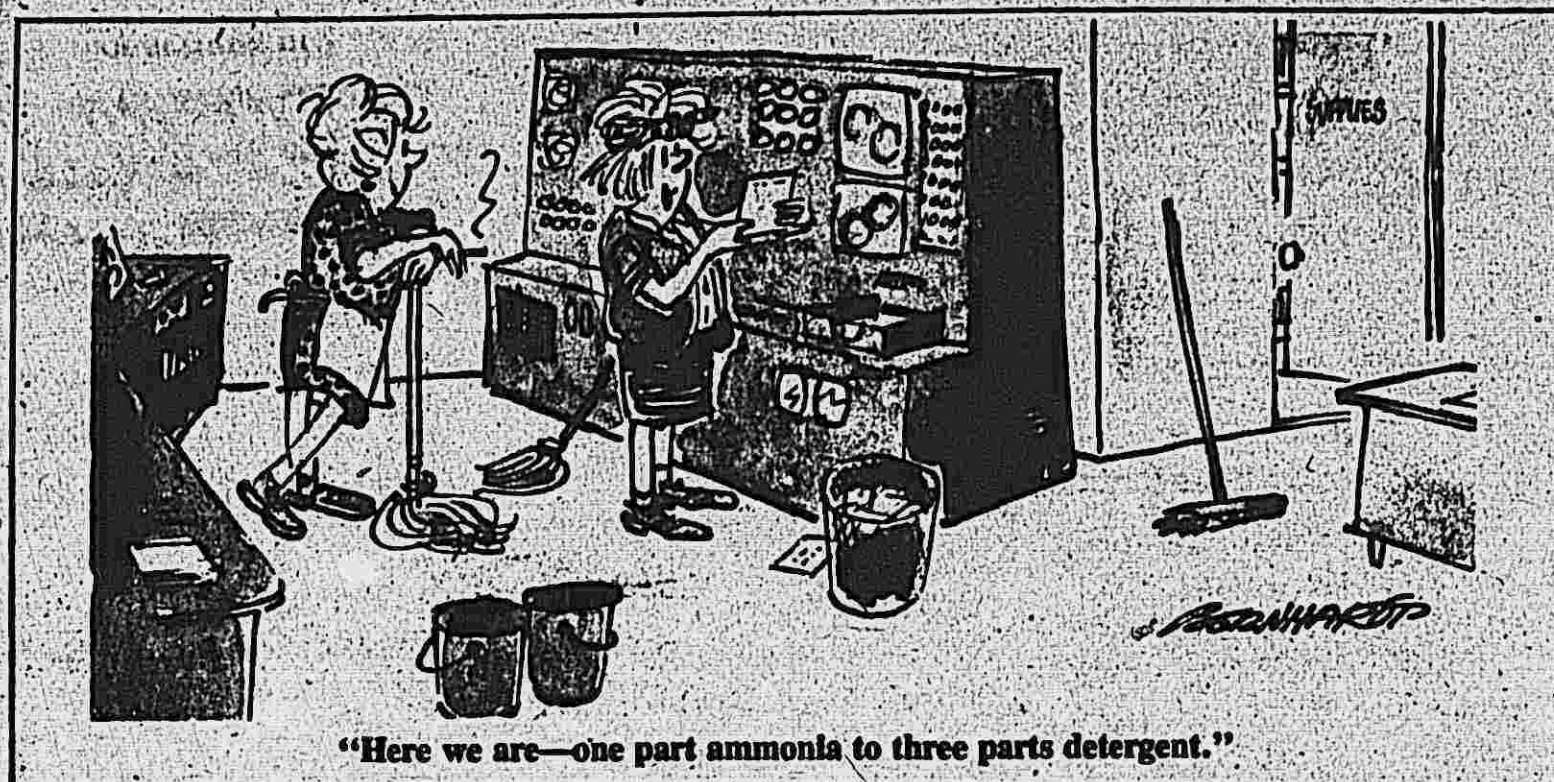

The current report shows a grade-point average for College of Lake County transfer students of 2.66 (with 4.0 being "A"), compared to a 2.51 average for students who began their studies at SIU.

In order to be eligible, a student must have a semester grade point average of at least 3.5 on a 4.0 scale.

Protect what you've put into your life

Most men think about life insurance when they first start a family.

But the older your family gets, the more you need life insurance—and the more life insurance you need.

The cost of living and children's financial needs grow with time. If your wife was suddenly left alone it would be tough for her to provide for your family.

So if life insurance was a good idea 20 years ago, it's an even better idea to call your Country Companies agent and review your life protection today.

The Country Companies. We're a little different than most insurance people.
